---------	-----------	---------	------------------	---------

Challenge Courts are set up for players of most skill levels. Anyone can come and play. The winner stays up for two games only if more than two people are waiting. Although some court times are indicated with skill levels and game play, this does not imply exclusion for players at other levels.

Please use good judgment and etiquette when playing challenge court. **Anyone violating good manners or displaying continued bad judgment may be asked to leave the challenge court.**
